Cover and Reas have sixty acres of apples and pears and they are busy at this season thinning and irrigating. The apple crop will be fair and the pear crop will be good. They have three varieties in apples; Winesan, Johnathan and Rome Beauty with the one variety, Bartlett in the pears.

SAW THE COMET

Several people about town who were up at 2:30 Wednesday morning saw the comet in the eastern sky just over the mountains. It was visible for thirty minutes.

MIDSUMMER DANCE

Sierra Madre Lodge No. 408 F. & A. M. will give a midsummer dance and card party at the Woman's Club House, Tuesday evening, July 12. The affair will be informal.

STARTS WITH 50 MEMBERS

Firemen's Club Accepts By-Laws and Appoint Membership Committee

The directors of the Firemen's Club met at 7:30 Wednesday night and adopted by-laws and a resolution to purchase certain lots at the southwest corner of Central Avenue and Windsor Lane from the City of Sierra Madre and enter into a contract with said city to erect a building on said lots to house and protect the fire engine and equipment about to be purchased by the city and to care for and house said engine and equipment free of charge for a period of ten years from date of contract. Adjournment was taken and the meeting of the Firemen's club was called to order. The adopted by-laws were read to the members after which the applications for membership were distributed and a membership committee appointed, with the result that at the time we go to press fifty members of the original organization have signed applications for membership and as many more are expected to join. It is the logical time to get a fine, new club house. It is not a matter of giving your money away; you simply loan the Firemen's Club fifty dollars during your life time and at your death, your family or persons designated by you will receive the fifty dollars you have paid into the organization. And besides it is your civic duty to see that a suitable building is erected for the housing of the fire equipment.

The building and club rooms will afford you an opportunity to take a friend for an evening's pleasure, the auditorium will give Sierra Madre the chance to have home movies and the installing of much needed rest rooms will be a boon to tourists.

Mr. A. E. Pettitt is chairman of the membership committee of which L. C. Brooks, E. D. Toppin, Thomas Henderson, W. D. Richards, F. M. Hildebrandt and Ralph Odwarker are members. Any one of these gentlemen will be glad to present your name, which must be accompanied by an initial fee of five dollars. The remainder may be paid in installments of five dollars per month. Join the Firemen's Club.

DON'T CALL THE FIRE COMPANY

Unless you are sure that they are needed. The company was needlessly called on Highland Avenue Tuesday afternoon. It is alright to call the company if they are needed, but business men and men for whom several members of the company are associated have to stand the expense of the absence from business duties and this is not a small item when they are only rubbish fires.

WILL VISIT IN NEBRASKA

Mrs. William Carson Shaw left last Monday for an extended trip among friends at Alliance Nebr. ka and the Black Hills of South Dakota. Mrs. Shaw will not return until late in August.

KEEP YOUR CHILDREN AT HOME

The Sierra Madre Health Officers and the Municipal Nurse are anxious to gain control of the diphtheria in Sierra Madre and request that parents keep their children at home as much as possible and not let them play with other children. There is no immediate danger but these requests are being made as a matter of precaution.

TWO WEEKS AT BIG BEAR

Gail Williams and sister, Mrs. F. M. Hildebrandt are at their father's cabin, Blue Bird Lodge, Big Bear Lake for a couple of weeks. F. M. is going over next week and the party will return home July 4.

LISTEN!

There are many sounds in these modern days that remind us of Life's dangerous ways—The auto's warning and the train's loud shriek—And we need to listen when they speak! There's another sound we should quickly heed: To joy and blessing it will lead! Each Sabbath day the Church bells ring—O come and worship your Lord and King!

One Year's Supply of Advertising to Reach 200,000 People

The News Office has just completed a job of 50,000 impressions for the Chamber of Commerce. The work is in the form of folders that will go into the ordinary business envelope. They are printed in two colors and make a very attractive advertisement for the town. Through the offices of the Secretary of the Chamber of Commerce and the liberality of the business men of the town the printing of these folders was made possible.

They are free for the asking at the office of the Secretary of the Chamber of Commerce in the Andrews Hawks Realty office. If you have friends that contemplate coming to California this winter send them one of these folders.

DELINQUENT TAXES

Have you paid the taxes assessed against your property last year? The Tax Collector of Los Angeles County has just published the list of delinquents, and number of our citizens have thus had their names enrolled in the Hall of Fame. 162 separate pieces of property in the City of Sierra Madre are published in the list. Unless the taxes are paid previously these properties will be sold to the State on the 29th day of June, 1921, at 10 o'clock a. m. After the additional penalties will be imposed before the redemption can be had. The list can be inspected at the office of the City Clerk.

MARRIED FIFTY YEARS

Mr. and Mrs. Frederick Warde celebrated their fiftieth wedding anniversary at their home at Alvarado-American hotel 2065 West Sixth Street, Los Angeles, Tuesday.

Hundreds of telegrams and letters and many floral tributes were received by the Warde's to bring sweet memories to the occasion.

NEW FREIGHT RATE ON VEGETABLES

G. W. Luce, Freight Traffic Manager for the Southern Pacific Company announces that the new rate of \$1.75 per 100 pounds on vegetables fresh or green, including melons and canteloupes from Pacific Coast points to eastern territory, will be effective June 23rd. Tariffs naming new rates are being distributed.

This reduction is being made by all transcontinental lines, and is approximately 10 per cent.

PAY YOUR SUBSCRIPTION

The News has sent out notices the past week asking subscribers who are in arrears to please pay their subscription. We must have the subscription in advance and those of you who have not renewed by July first will be sent a statement for the amount owing and your name taken from the list.

We are anxious to have your name on the subscription list and we want to please you with the paper, but we must adhere to the orders that "all subscriptions must be paid in advance."

INTO LARGE ORGANIZATION

Sierra Madre Chamber of Commerce Joins National Association

A meeting of the directors of the Sierra Madre Chamber of Commerce was held in the secretary's office on Monday night. One of the important features of the meeting was the joining by the Sierra Madre Chamber to the National Association of Chambers of Commerce. In asking our chamber to become a member it was stated that only organizations that were alive and could show evidence of having accomplished things would be considered. Ours has been recognized as a live body and it is a compliment to the city to have a chamber such as can now be boasted of in Sierra Madre.

Membership committees were appointed and if you are a member and have not renewed your membership for the ensuing year, the committee will be glad to accept your renewal. There is not another city the size of Sierra Madre in the United States that has an organization that has accomplished what this chamber has. The meetings are always interesting and the members who do not attend regularly miss something.

The efficient secretary, Mrs. Jessica Wright, has worked wonders in the organization. She is in touch with the activities concerning commercial organizations throughout the country and has stimulated Sierra Madre in no small degree. We sincerely hope that a sufficient membership can be gained to keep her actively engaged another year.

WE PROTEST

The News wishes to enter a protest against omission of Sierra Madre from many of the maps that are printed by the Los Angeles papers, the Automobile Club, auto dealers and the map makers in general. Practically every Sunday the city papers carry illustrations of auto routes in the neighborhood of Los Angeles and invariably Sierra Madre is omitted. We are a mile from the foothill boulevard and there should be some sort of advertising adjacent to the Baldwin or on the Baldwin estate to inform the people who travel the foothill boulevard that Sierra Madre is on the map, situate, if you please, in the most picturesque spot in Southern California.

HERE FROM SALT LAKE

Mr. and Mrs. Ross Mullins and two children arrived yesterday morning from Salt Lake City and are visiting Mr. Mullins' brother, Charles Mullins and wife, North Hermosa. They made the trip overland and the beautiful southland looked good to them after a week in the desert. They expect to locate in Southern California.

CHINA'S FAMINE IS RELIEVED

Bishop Graves of the Diocese of Shanghai of the Episcopal Church has telegraphed as follows: "There is no further need for famine relief, stop sending funds." At first it had not seemed possible that news could be true since all agencies have been bending every effort to meet the supposed emergency in the province of Chihli. Mr. Lamont, chairman of the American Committee however ascertained that due to abundant rains in the famine stricken areas and early harvests, the backbone of the famine has been broken. This is good news.

HAVE AMPLE FIRE PROTECTION

Residents in the northwest part of the city have nothing but praise for the water department. They can now get water and get pressure with it which is something that they did not have before.

HERE FROM COLORADO

Rev. Fred Staff and Wife Here For Two Week's Vacation

Rev. Fred Staff and wife of Colorado passed through Sierra Madre Wednesday afternoon on their way to Catalina where they will spend a two weeks vacation. Rev. Staff is a former minister of the Congregational Church here and left this place five years ago to accept the pulpit in the First Congregational Church at Colorado Springs. They expect to visit here a few days on their return trip home and it is hoped that their itinerary will include Sierra Madre on Sunday that he may again be heard from his former pulpit.

Their oldest daughter, Miss Helen, recently graduated from Colorado College and was valedictorian of her class, another daughter, Miss Ruth, a sophomore in the same institution received the highest honors in her class and Harold graduated from high school with honors.

MODERN PRISCILLAS

Miss Lillian Moore will entertain the Modern Priscillas Thursday afternoon, July 30, at the home of R. H. Mackerras, 341 Palmetto Drive, Pasadena.

Mrs. Maude E. Martini of Los Angeles has been spending several days with Prof. and Mrs. John Hart.

VISITED AT BIG BEAR

The Misses Yerda and Mabel Appleby visited friends at Big Bear Lake from Sunday until Thursday.

GRADUATING EXERCISES

School Is Closed for This Year On Account of Diphtheria

The diphtheria situation became so acute last Saturday that the Sierra Madre Public School was dismissed for the remainder of the term. There has not been a death and the majority of the cases are in mild form but the precautionary methods were necessary to avoid contagion.

The graduation exercises will not be held as had been planned for last evening the 23. The twenty-seven graduates will receive their diplomas at the mid-winter exercises and will no doubt take part at that time in the entertainment.

NO PAPER SHORTAGE FOR THEM

While the printers are being condemned and censored because they must raise their prices on account of the paper prices continually going up, our representatives in congress never miss a week with their mimeograph stuff concerning their actions.

There are literally bales of fol de rol, flubb dubb and tommy rot that goes into the waste baskets in the different business offices of this country every day. During the week of June 6-11, fourteen pounds of mimeograph rubbish came to the News office and went into the waste basket. Ninety-nine per cent of it was requests for free publicity from corn cures to some new fangled or variety of religion.

FETE WAS ELABORATE

The Gardens of "Mia Italia" Attract A Large Crowd

Members of the St. Catherine's Guild have reason to be proud of the successful conclusion of the fete champetre given in the "Mia Italia" gardens, North Lima Street last Friday night. The evening was cool and the moon was perfect. The program which was printed in last week's News was carried out in full with the exception that Mr. John Marquardt was unable to be present and his place on the program was taken by Mr. Randolph Wood, a violinist of ability and who was given a hearty encore.

Mrs. Nina Kellogg Norris in a whistling solo responded to repeated encores. A short biographical sketch of William Shakespeare's life by Mr. Norval McGregor was very interesting and his rendition of a bit of "Hamlet" brought appreciated expression for the author and for Mr. McGregor.

"Mists of Morning" an interpretive dance by Misses Kellogg, Wadsworth and Lewis was well executed. Miss Marjorie Maughlin and the Maughlin dancers in the Hungarian dance portrayed an aromatizing spirit.

"A Midsummer Night's Dream" with a cast of twenty-five members was a treat from the start. Members of the company worked hard and the execution of the different roles was creditable.

The Kildas orchestra furnished music for dancing following the program.

ASSOCIATED CHAMBERS ANNUAL ELECTION

At a recent meeting of the Board of Directors of the associated chambers of commerce of the San Gabriel Valley the following officers were elected to serve during the ensuing year.

President, Jonas Killain, El Monte; Vice President, J. M. Baigo, Covina; Treasurer, George E. Cross, Pulte; Secretary, Charles P. Bayer, Pomona.

The retiring president, D. J. Shultis was nominated to serve for another year but declined election. It was decided to continue the meetings of the directors during the summer months.

"Another step forward was made in the tremendous project of damming the San Gabriel River. The Board of Supervisors have officially now before them a request by three of the largest unions of interest in the San Gabriel Valley—The Associated Chambers of Commerce of the San Gabriel Valley, The San Gabriel Valley Protective League, and the Los Angeles County Farm Bureau. A request was made for funds to do the preliminary survey work, the supervisors having made an agreement with the Board of Directors of the Associated Chambers of Commerce of the San Gabriel Valley on the 21st of last December, to do this work. This was taken under advisement to do on motion made by Supervisor McClellan."

CITY ACCEPTS BIDS

The firm of Byron Jackson of Los Angeles were the successful bidders before the City Trustees for the deep well pump and booster pump. The price to be paid for the deep well pump is \$4,806 and for the booster pump \$1,581.

The deep well pump will be a 7 stage, No. 6 turbine and the booster pump will be a 2 stage, horizontal split case, the former having a capacity of 1,000 gallons per minute and the latter a capacity of 700 gallons per minute.

The Sierra Madre Electric Company were the successful bidders for the electrical wiring and equipment. They will furnish a four pole General Electric motor for \$946.55 and a six pole motor for \$1,197.70, and for constructing a pole line and wiring they will receive \$1,155. The Sierra Madre Electric Company will also purchase from the city the 10 pole, 100 horse power motor for \$600. Installation of this machinery will begin at the earliest possible date.

MRS. BALDWIN TO RECEIVE EUROPEAN HONORS

Rulers of Europe are to extend to a Southern California woman, Mrs. Anita Baldwin, such honors as have seldom been paid to any private citizen of the United States.

This became known yesterday in connection with the restoration in San Francisco County of the birth records of Mrs. Baldwin and her daughter, Mrs. Dextra Baldwin Winter, which were destroyed in the fire of 1906. The records were restored in order that Mrs. Baldwin might obtain passports abroad.

Though Mrs. Baldwin herself is reticent regarding her forthcoming trip, upon which she is to be accompanied by her son, Baldwin P. Baldwin, from other sources it was learned that preparations are complete for the exceptional honors which will be paid her.

Mrs. Baldwin, it is stated, is to be given a public reception by the President of France at which there will be invited to meet her some of the most distinguished citizens of that republic.

King Albert of Belgium is to receive Mrs. Baldwin in court, with the full honors attendant upon that ceremony. It has always been unofficially understood that King Albert was extremely regretful over the unintentional slight upon Mrs. Baldwin upon the occasion of his visit to this section two years ago. At that time, it was claimed that through "Bill" Nye, the State Department official in charge of the Royal party, Pasadena was omitted from the published itinerary and in consequence a scheduled visit to Mrs. Baldwin's beautiful mansion and grounds at Santa Anita was also cancelled.

It is also understood that Mrs. Baldwin is to be honored at the court of St. James, though details are lacking as to that reception.

These honors are paid Mrs. Baldwin because of her unusual services in behalf of the Allies during the World War. —L. A. Examiner.

ATTENDING STATE CONVENTION

Dr. May C. Laidlaw is attending the meeting of the California Osteopathic State Association this week at the Gamut Club in Los Angeles, and the post graduate work of the same Association at the San Fernando Building on Friday and Saturday.

The program includes both instructive, social and legislative features. The lectures by Dr. Dayton Holcom of Pasadena and late of Chicago on Mesenteric Plethora, and by Dr. Lousia Burns of the Research Institute, Pasadena, on Post malignant states, were exceptionally fine.

Dr. Dair Tasker of the California State Board of Medical examiners, gave a public lecture Tuesday evening on "An X-ray view of the backbone in Osteopathy (illustrated). On Wednesday afternoon the guests from the northern part of the state were given an auto ride to Long Beach, a boat ride, and a barbecue and general merry making on the beach.

On Thursday evening there was a banquet at the Hotel Vista Del Arroyo, Pasadena.

ENTERTAINS LADIES' AID

Mrs. C. W. Jones assisted by Mrs. Arthur Johnson, Jr., entertained the Ladies' Aid of the Congregational at the Jones home, 49 East Alegria. A humorous reading, "A Flea-bitten Tenderfoot of California," by Rev. W. J. Thompson, and vocal selections by Miss Gertrude Cooke, constituted a very interesting program. Refreshments were served to forty ladies.

This is the last meeting until October, when the society will begin activities for the winter season. The society has just closed a very successful year and are to be complimented for their splendid work.

NEW MAINS ARE ALL IN

The City Water Department gives out the information that all of the new water mains are in and that there remains only the lines on Carter, Grove and Highland Avenues to be covered. Approximately 12,000 feet were laid and approximately 40 new fire plugs installed. The work of resurfacing is progressing as fast as the street department can get to it. The pipe in the southwest part of town will be put in as soon as the present work is finished.

With the exception of the ditch work, all of the labor has been performed by Sierra Madre people employed by the city.

COMPLIMENT TO DEAN SHAW

Dean Shaw has been elected Chaplain of the Associated Chambers of Commerce of the San Gabriel Valley. The office was specially created at the recent election of officers as a compliment to him.

COMMUNITY CONCERT
HUGE SUCCESS

The first concert given by the Sierra Madre-Monrovia Community orchestra under the baton of Mr. John Marquardt on Thursday last proved one of the greatest surprises to the musical public. Most of the many people in the audience knew the director as an eminent violinist, but few realized that he would be able to form and effectively drill an orchestra in our small communities.

When the first strains of the Martha fantasie sounded all were spell-bound by the spontaneity of the attack and virility of the several groups of the orchestra. There were solos for the clarinet, Mr. Hartman; cornet, Mrs. Glidden; cello, Mr. Boyd; and at times the volume of sound from these eighteen musicians was astounding.

The program contained pieces by Schumann, Beethoven, Chaminade, etc., and at no time did the audience falter in their appreciation.

Repetitions could not be denied and of course the Beethoven Menuet and Offenbach's Barcarole were especially in demand. We should have liked some fine danseuse for the ballet by Chaminade, as this composition shows all the attributes required for a Pavlova, but then this will come at a future date.

When Gounod wrote the Ave Maria to Bach's famous Praludium, he did not realize that he wrote one of the most noted vocal numbers, in fact, the only one of its kind. Miss Cadmus has an excellent voice which is well trained and she knows how to show it to advantage. Mr. Marquardt, violin and Mrs. Marquardt, harpist gave a wonderful rendition in conjunction with the vocalist and it had to be repeated.

A group of songs by Miss Cadmus were accompanied by Mr. Alfred Hunt who is still in the full enjoyment of bachelorhood and we believe it now too, although we had a Mrs. Hunt announced on the program. Ladies single should get busy, as he plays the piano well.

A dreamy Spanish waltz played with spirit and in various moods was much enjoyed and when the last sounds of a dashy march, Funiculi-Funcula died away, the audience was ready for more.

The setting of the stage was very artistic and we understand that Mrs. Glidden and Mrs. Mitchell were responsible for this.

Miss Rundell, the concert-master of the orchestra led the violin group with decision and Mr. Marquardt tells us that he was well pleased with the spirit and enthusiasm of the orchestra.

The rehearsals which are held every Thursday night at the Kindergarten School will be continued. A new program is in preparation.

The orchestra of course, can be enlarged at any time and special efforts made to find more available talent. Anybody interested in this new enterprise should come forward and address themselves to Mr. John Marquardt, 391 E. Grand View Ave.

Woman's Club

Social Meeting

The Woman's Club held a most interesting meeting on Monday, a special feature of which, was the reports of the delegates to the recent Convention held at Yosemite. Mrs. E. C. Newton gave the first report, telling many pleasant episodes of the trip into the valley and of the opening days of the convention. Mrs. J. Milton Steinberger followed with a most interesting descriptive recital of the pageant in its various wonderful phases, leaving in the mind of each listener a very real picture of the marvelous exhibition. A short musical program followed, the performing artists being, Mrs. George B. Mongridge, pianist, Mrs. Adeline N. Glidden, cornetist and Mrs. Donald C. Ashmore, soloist. At the special request of Mrs. J. Milton Steinberger these ladies repeated the numbers which were so splendidly presented at the musical, given last week at the Brook's home. Enthusiastic applause bespoke the sincere enjoyment created by their efforts and the meeting adjourned with an invitation from the Mrs. F. P. Serry to have tea in the dining room.

Closing Meeting

As a part of the program for June 27th a luncheon will be served to the club members, complimentary to the entering president and board of directors of the club. There will be no charge, but the hospitality chairman, Mrs. Spencer Howard, very urgently requests that all reservations be phoned in to her, black 79, not later than Monday, June 20. This luncheon promises to be a very charming affair and the installation of officers which is to follow will be conducted in a manner refreshingly different than here-to-for. At 3 p. m. the baby dancing class of Miss Marjory Maughlin will give the program which will doubtless be most beautiful and inspiring as are all of Miss Maughlin's.

The last dance of the club season will be given on the evening of June 24, and an effort is being made to make this a real rally of all those who have from time to time attended and enjoyed these charmingly informal affairs. Make up your party and look forward to a more enjoyable time than you have ever had before.

ALASKAN LECTURE

Mrs. J. C. Beers gave a most instructive talk on Alaska at the Missionary meeting on Tuesday.

Mrs. George, sister of Mrs. F. P. Conrad who was present thru the courtesy of Mrs. L. M. Rice added to the value of the meeting by telling of her work in China.

Attention was called to the wonderful opportunities to hear distinguished men at the meeting of the Congregational National Council, First Congregational Church, Los Angeles, July 1st to 8th.

LEAVE BY MOTOR FOR
NEW HAMPSHIRE

Mr. and Mrs. G. S. Smith left Monday for Hinsdale, New Hampshire, where they will make their home. They will make the trip by motor and visit various points of interest en route.
